MAZDA MX-5 MK3 1.8 & 2.0 LARINI "SPORTS" REAR BOX WITH OVAL TIPS

Unlike the original rear box, our clever design ensures that with increasing revs, the tone, note and volume also increase. Decrease throttle opening, and volume levels reduce. Our system does have more volume than the original but it is not offensive, simply offering one of the most satisfying 'tuned' exhaust notes, while maintaining driveability: -

Key Features -

- A Stainless Steel 'Sports' rear box, which fits as per the original unit.
- Expertly engineered for both 'fast road' and 'normal road' use.
- Offers improved low/mid-range Torque.
- Enables much sharper throttle response.
- Delivers an extra 4 bhp. Approximately.
- Offers better quality sound across the rev range.
- Does not vibrate or produce excessive volume as the box is stuffed with Acoustic E-Pack.
- Produces the beautiful, authentic Larini 'Note' under acceleration when 'pressing on', yet perfectly practical for everyday use.
- Produces a fantastic 'tone' in keeping with the sporting image of the MX5.

- Does not suffer from drone, resonance, 'boom' or vibration at idle or cruising speeds.
- Features 2 stunning polished, angled and rolled Slash Cut (Ferrari-style) **or** Oval (Porsche-style) tailpipes, lined with perforated conical cores.
- Tailpipe sections feature a polished metallic sidearm trailing back under the car offering a stunning seamless side view.
- Constructed using aircraft grade T.304 Austenitic Stainless Steel.
- Features a highly polished box casing, offering a 'chromium' type finish, for improved aesthetics.
- Double skinned, 'flush seam' welded box for maximum durability and sound control.
- Features 'Satina' polished and 'Lime Chalk' waxed pipe work, for improved aesthetics.
- Features Mandrel bent pipe-work allowing a constant internal diameter, maintaining smooth, constant gas flow.
- Precision engineered for accurate fit, requiring no bumper modifications.
- 100% Tig welding construction.
- Precision, laser cut, stainless steel mounting flanges and brackets, for easy fit and removal.
- Supported by the Larini Systems Lifetime Warranty.
